MEMORANDUM FOR THE UNITED STATES INTELLIGENCE BOARD

SUBJECT: Report on High-Altitude Coverage of Cuba

1. COMOR reports that in accordance with paragraph 1c of USIB-D-41.14/53 a review has been made of the coverage of Cuba for the 2 weeks ending 23 October. The reporting periods, based on the BRASS KNOB reports of the COMOR Working Group, are 10-16 October (CWG-BK-47) and 17-23 October (CWG-BK-48).

25X1

During 10-23 October, [] BRASS KNOB missions were flown. Those on 13 and 19 October carried the new 112A camera. On the 18th, the mission carried R & D color.

Area coverage in photography with 25 percent or less cloud cover amounted to [] for the 14-day period.

25X1

All of the highest priority targets were covered during the two weeks.

2. Since 23 October, weather conditions generally have not been favorable for reconnaissance. Missions were cancelled on 24, 25, and 28 October, and cloud cover has reduced the effectiveness of the missions flown. A third mission was flown with the 112A camera on 27 October. Based on the latest data available, [] of the land area of Cuba was covered during the 14-day period 14-27 October.
